a note from us

Hello and Welcome!

Thank you so much for choosing to stay here in the stationmaster room, we're thrilled you're here!

After growing up in Texas, my family moved to Idaho in 2008, and I met and married my wife Grace, in 2012.

Living amongst magnificent forests and fields of the Pacific Northwest has cultivated in me a deep love of nature and the principles of simple, timeless design that best harmonize with it. Since resettling back here in Deary, we had the opportunity to restore the Ford showroom down the street and start a small bakery there. Thus, when the opportunity to revitalize this historic train depot arose, we jumped at the chance.

Though it's been a lot of work, we've had so much fun designing, renovating and fine-tuning this retreat. Watching the vision come to life has proven deeply fulfilling.

Don't hesitate to let us know if you need anything, and thank you again for choosing to stay with us!
